

Part One

1. West Cumbrian Industries. This is part of a production probably made for schools looking at factories and mining in West Cumbria and includes the Millom Iron Ore industry with archive of it operating.
2. West Cumbria iron and steel, Florence Mine, and the history of Millom with the story of its growth as a new town.
3. This looks at Barrow and the Devonshire Dock Hall along with the shipbuilding and airship industries.
4. West Cumbria's lost railway lines ... a look at the yesteryear of some of the lost railways including Coniston
5. A look at how people spent their leisure time especially in the Barrow area over a hundred years ago and also shopping before out of town shopping centres and the internet.

Part Two

1. The Lake District Remembered. Classic archive film from all over the Lake District mainly from the 1930s to 1950s.
2. Lakeland Holidays 1937. A lovely gentle film from a man in one of our audiences who donated the colour film of a family holiday in the 1930s.
3. Cumbria in the 1950s. We have joined forces with some of the newsreel companies to compile a great and often comical mixture of this decade and it is combined with what was going on the the county at the time. This also includes the Windscale accident.
